Photobooth Series

Entire line of frames, magnets, photo mounts and more that all hold photo strips.

The Photobooth Series is ideal for event photographers. Most photo booth frames come in two sizes: 2" x 6" to hold a standard photo strip or 2" x 8" which holds a Sony photo strip. Buy the appropriate media for your UPCR10L Sony SnapLab to print in the photo strip format. Whether you use the easel frame, magnet or just a photo mount these are ideal for special occasions and make great giveaways.

Photobooth Acrylic Easels & Magnetic Frames

• Please specify photo strip size
